PROFILE

Second-year Computer Engineering student (AI track) with strong analytical and problem-solving skills. Experienced in programming, data structures, and engineering fundamentals. Interested in technology-driven infrastructure projects and large-scale system optimization. Highly motivated to contribute to Siemens Mobility's digital and operational initiatives.

EDUCATION

2024 - 2029

NEW MANSOURA UNIVERSITY
Faculty of Computer Science & Engineering

- Bachelor of Computer Engineering
- Artificial Intelligence Engineering

TECHNICAL SKILLS

- Programming & OOP (Python, C++, C#)
- Data Structures & Algorithms
- Digital Logic & Computer Architecture
- Analytical Problem Solving & Computational Reasoning
- Rapid Technical Learning
- Microsoft Office (Word, Excel, PowerPoint, Outlook)

LANGUAGES

- Arabic: Native
- English: Excellent
- French: Beginner

COURSES & TRAINING

AI Fundamentals

IBM SkillsBuild (Be Ready - EDF - Ain Shams University)

- Delivered through Cisco Networking Academy & Nexus Tech Academy

[Show credentials](#)

Introduction to Modern AI — Cisco

[Show credentials](#)

AI for Work and Life — University of North Florida

[Show credentials](#)

ITIDA Gigs Freelancing Program

Information Technology Industry Development Agency (ITIDA)

[Show credentials](#)

Data Analysis Training Program

Creativa Innovation Hub (Mansoura)

[Show credentials](#)

Be Ready Initiative (Employability Skills)

Ministry of Higher Education & Scientific Research (Egypt)

[Show credentials](#)

PROJECTS & PORTFOLIO

University Projects

- Bank Management System - Data Structures Course
- Automated Smart Parking System (ASPS) - Electrical Measurements & Measuring Instruments Course
- Search Algorithm Simulator - Artificial Intelligence Course
- AutoCAD Drawings - Engineering Drawing Course
- Library Management System - Object-Oriented Programming Course

External Projects

- Prompt Understanding Test - AI Model Evaluation Web App
- Flash Reservation & Sales Website with Database
- Power BI Dashboard for Company Data
- Excel Dashboard: Data Analysis Lifecycle with KPIs & Insights
- Weekly Expense Tracking Website
- Multiple Freelancing Gigs
